EXTRA VIRGIN SESAME OIL

Sesame is one of the oldest crops known, mostly because of its high nutritional value. It is highly nutritious and beneficial, as it is rich in vitamin E, essential fatty acids and several natural-occurring antioxidants including sesamin and sesamol.

Its distinct fragrant flavor has made it a favorite ingredient for various dishes around the world, and it is considered a health food due to its high nutritional value, a fact that has increased its popularity.

100% NATURAL, COLD-PRESSED, RAW EXTRA VIRGIN SESAME OIL.

Excellence & Quality

Our Extra Virgin Sesame Oil is a unique premium product, made by cold pressing high quality, mature, non-GMO Ethiopian sesame seeds.
