Our family means the world to us. Inside every family though, there is always one cute little person that stands out. A cheerful little youngster, that makes everyone smile with his good-hearted surprises and when he shows up becomes the hope, the dream, the most important person in our lives. Our Little Brother.

For the Haitoglou Family, sesame is our Little Brother. For four generations now, it is what makes us proud, what we most care about and love. Such a small seed, but with such a huge impact in our lives.

That's why we named our new line of sesame products "Little Brother". Because we treat them with care, love and respect. We nurture them, support and help them prosper, hoping one day they'll spread their wings and make us proud.

We aspire to create more than just high-quality natural products. We seek to recreate a precious bond for life, full of goodness, smiles and beautiful memories. A Little Brother for everyone.

We could live without a little brother before we met him. But now, who could imagine life without a Little Brother?
